## Bilateral Meetings

- November 4, 2015 (10:30 a.m. - 3:00 p.m.)

### Description

YSKRA ICT is startup specialized in IT consulting, user experience and web & app development. Our clients are SMEs from Serbia and China. We are currently developing an application that will enable users to easily create responsive website without any knowledge of code. We are part of ICT Hub and Microsoft Biz Spark program. [Online magazine Netokracije wrote an article about us.](#)
