

Sun-North Systems Inc.

<http://www.sunnorth.com/>

Bilateral Meetings

- November 4, 2015 (10:30 a.m. - 3:00 p.m.)

Description

Sun-North Systems Inc is the leading international manufacturer, distributor and installer of natural ventilation products, with systems installed under very diverse climactic conditions ranging from barns in the arid conditions of the Middle East to the frigid Arctic Circle as well as in the moderate climates of Russia, China, Australia and North America. Sun-North's systems are based on 75 years of ventilation expertise and pride themselves on being able to tailor a system to suit a specific eco-climate.
