Bilateral Meetings

- November 4, 2015 (10:30 a.m. - 3:00 p.m.)

Description

Avala Resources Ltd. is a Canadian-based company focused on the acquisition, exploration, and development of mineral properties in the Republic of Serbia. With the recent acquisition of Dunav Resources Ltd., Avala now holds a dominant land position of over 950 km² including: the Timok Gold Project and the Tulare Copper-Gold Porphyry Project. Avala's projects in Serbia are strategically located near both major transportation corridors and the markets.
